Subject: **ACCEPTANCE PROCESS BY VALIDATION OF EASA TC A.185 FOR AIRCRAFT P2006T (Engines Rotax 912S3 and Propellers MTV-21-A-C-F/CF178-05).**

Reference No.: EASA application number 0010017268 for Validation of EASA TC A.185, Aircraft P2006T.

Reference Date: May 22, 2012

Other References:

1. Colombian Civil Aviation Regulations, RAC No. 9.1 and 9.2.3
2. Tecnam P2006T aircraft, EASA TC A.185.
3. Engines Rotax 912S3, EASA TC E.121.
4. Propellers MTV-21-A-C-F/CF178-05, LBA TC 32.130/086.

Dear Sir,

According to your application for the acceptance of the EASA TC A.185 for the **Tecnam P2006T** aircraft, with Rotax Engines 912S3 (EASA TC E.121) and Propellers MTV-21-A-C-F/CF178-05 (LBA TC 32.130/086), and considering that **Costruzioni Aeronautiche TECNAM SRL** has submitted the requested documents, which were evaluated under Colombian Civil Aviation Regulations (RAC) and that the Colombian Civil Aviation Authority (UAEAC), has completed the EASA TC acceptance by validation, this authority welcomes the **Tecnam P2006T with the Engines and Propellers related in the references**, to operate in Colombia. However, it is important to note that we will only accept the aircraft configuration, certification basis, as well as the airworthiness and operations limitations as stated in the EASA Type Certificate and the supplied documentation.

Costruzioni Aeronautiche TECNAM srl will keep updated the continued airworthiness documents required to guarantee the proper operation in accordance with the recommendations of the State of Design and Certification. Any change of the information mentioned above, must be reported and documented to the Colombian Civil Aviation Authority (UAEAC).

If you have any questions, please do not hesitate to contact us.

Sincerely,

Eng. Jairo E. Salazar
Flight Standards Director

Civil Aviation Authority of Colombia (UAEAC)
