➢ SlotCol@aerocivil.gov.co

This email will be used exclusively for communications not related to SSIM messaging"; that is, it will be used for matters, such as communications, internal announcements, updates. In other words, it will be the communication channel to share relevant information within the Slot Coordination team.

SSIM (Incident Tracking and Messaging System) messaging has its own communication channel or system. This email will not be used to send or receive messages related to that system.

➢ monitoringSlot@aerocivil.gov.co

This email will be used to notify airlines when they do not comply with the assigned slots, which is essential to guarantee efficient and safe air operations and will guarantee that airlines operate within established schedules.

➢ OCSCol@aerocivil.gov.co

The Online Coordination System is an online system provided by the Slot Coordination of the UAE Civil Aeronautics, which provides real-time information on the availability of slots (schedules assigned for airport operations) and performs Slot management in requesting new slots or canceling those that have already been approved.
